

PRODUCT DESCRIPTION

Designed to allow for the quick and easy transfer of coffee between grinder and portafilter, this stainless steel cup will help minimize waste and contribute to a cleaner workflow on bar.

- Sized to fit common portafilter basket designs
- Made of food-grade 304 stainless steel
- Lip design works with many home and professional grinders
- Easy to clean and dishwasher safe

acaia

OPTIONAL SILICONE ANTI-SKID PAD

Cleaning note:

The pad may come loose if washed in a dishwasher.
We recommend washing by hand to keep it in place.
